INTERACTION

27" High-resolution, robust touchscreen display, for a gorgeous and immersive experience. Everything feels responsive and looks superb. With ultralow reflectivity technology.

INTEROPERABILITY

The AXON FM platform enables interoperability and functionality. Its modular architecture enables integration with 3rd party forecourt elements including other FCCs and POS systems.

ENGAGEMENT

Axon FM's proximity camera can trigger recognition/ salutation actions. With loyalty data and/or emotional and demographics recognition, engagement can be taken to the next level.

THE ULTIMATE DISPENSER EXPERIENCE

- > Holistic fueling/C-store interaction through on-dispenser interaction and purchasing;
- > Maximum flexibility in presented content for a tailored user experience;
- > Enhanced messaging/promotion, the perfect start personalized forecourt journeys;
- > Catalyst for new business models (pre-paid self-checkout, drive through, etc);
- > Fully integrated with your forecourt systems, with the same business rules.

Native, available as an optional on Axon range pump models

BUILT-IN MEDIA CAPABILITIES WITH REMOTE MANAGEMENT AND SCHEDULING FEATURES

Deliver personalized experiences in content and targeted advertising, right at point of interaction, at the pump. That turns a routine, disconnected action, time into an opportunity to drive brand awareness and publicity leveraging this media space.

Custom content on dispenser screens can also be a tool for educating and informing customers.

Multimedia fuel dispenser screens offer an excellent opportunity for cross-selling and upselling private label products.

SPECIFICATIONS

Full multimedia 27" screen	16:9 format	Full HD, 1920 x 1080	High brightness screen, 1000 cd/m2	Reinforced protective glass

HIGH-LEVEL FEATURES > FM PLATFORM AND AXON INTEGRATION

Self-checkout, with access to an optimized product catalogue when integrated with the POS system, on the forecourt, integrating with optional physical accessories (pinpad, card reader, 2D scanner, printer and contactless).

Intimate integration with media manager and loyalty platform, with a view to defining back-office rules for mobilizing content vs. customer segment.

Fast, intuitive and fun experience, with presence detection/biometric identification to trigger actions and with real-time traffic and weather information.

Media platform, easily scalable (other products: H2 dispenser, washing) and available as a retrofit for standard Axon dispensers already installed.
